## Win a SAFARI with DBU

Announcing one of the most wild iSeries Sweepstakes yet! Win an African safari far away from the daily grind. ProData unleashes the power of your programmers in the work environment with DBU and other great utilities. Now unleash the power of your people in the wild escapes of Africa and hear the lions roar. Access [www.prodatacomputer.com/safari](http://www.prodatacomputer.com/safari) to register now!

### Sample Itinerary

- Day 1 Departure Depart on your overnight flight to Africa.
- Day 2 Arrive Nairobi Upon arrival early in the morning, you will be met and transferred to your hotel. Take an afternoon drive to Karen Von Blixen's former home, now a museum. Continue to the Giraffe Center where you can feed and photograph giraffe from an elevated platform. Return to the hotel early this evening.
- Day 3 Amboseli Depart Nairobi for Amboseli in a Safari Cruise Nissan Van. You will have a packed lunch your first day. Upon arrival, you will eat lunch and then go for a game drive and take photographs of Amboseli National Park with Majestic Mt. Kilimanjaro in the background. Spend two nights at the foot of Mt. Kilimanjaro.
- Day 4 Amboseli Enjoy early, late morning, and/or evening game drives. The principal attraction of Amboseli is its vast herds of elephants within the park and the widest variety of animals.
- Day 5 Great Rift Valley Breakfast at leisure and then depart for Nairobi arriving in time for lunch. After lunch descend into the Great Rift Valley and travel to Lake Naivasha, one of the rift valley fresh water lakes. Go for a boat ride before heading to Hells Gate National Park which is famous for its natural hot geysers (excellent alternative to those who won't be visiting Lake Bogoria where you would see geysers). This is a traditional eagle nesting ground, with 103 species of birds. The park offers spectacular gorge walks, rock climbing, cycling and riding.
- Day 6 Nairobi After breakfast, proceed for a game drive in the park as well as bird viewing and photography. Return to Nairobi with picnic lunch served en route. Dine at Carnivore and later to Bomas of Kenya. Grab last minute shopping and then supper at African Dishes before catching flight back home.
- Day 7 Departure Arrive home in the evening after your week-long adventure.

Same Great Service, Same Low Price! Thank you for 'Doing it with DBU' and our other great products! As you know, we continue to work to bring you the best with ongoing product development and customer support. Our maintenance is a great value and is set at the 15% industry standard. Maintenance revenue supports continued research and development as well as:

- New Product Releases
- iSeries 400 Operating System Changes
- Disaster Code Support
- ECS Support
- Web Site Support
- Technical Help Line

As in the previous year, DBU maintenance price is \$295 per year, the DBU LPAR version is \$495 per year. LPAR upgrades for unlimited partitions is \$1895. Pricing is reviewed annually. If you have multiple licenses of DBU, we would be happy to pro-rate maintenance to ensure all fees are grouped together on one yearly invoice.

Get the most out of your DBU purchase and continue to enjoy the excellent customer service we provide by participating in the maintenance program. You can look forward to receiving updates and new releases of DBU, newsletters, e-newswires and promotional discounts for other products!

If you have any questions, please call 1-800-228-6318 or email us at [sales@prodatacomputer.com](mailto:sales@prodatacomputer.com).

Product Demos are now on the Web! We listen when the lions (i.e. our customers) purr!! But you ROARED! Due to popular demand, we now offer video walk throughs of our products including some of the most sophisticated functions of DBU. Click on the Video Demos link on our website at [www.prodatacomputer.com](http://www.prodatacomputer.com) and select from a list of demonstrations that include DBU functionality such as:

- Search & Replace
- Reactivate Records
- GUI interface
- JDE plug-in

And more! This is a great way for your new programmers to become familiar with more than just the basics of DBU. Introductions to our other great products are also included. Check it out while you are on our website registering for that SAFARI!

### Great Deals

Get DBU WDS Sc Plug-in and GUI for FREE! The WDS Sc Plug-in is now available for DBU users at no charge!

Buy DBU/GUI package for \$250 and get FIVE more GUI for free! Imagine DBU now just a click away on your desktop or through iSeries Navigator or WDS Sc... even more handy than the green-screen.

Retrieve Deleted Records Utility FREE! Buy SQL/Pro at \$1595 and get RDR utility free. (A \$495 value!) It's time to get into the language supported on virtually every platform. Bring the power of SQL to your iSeries at an affordable price AND with RDR thrown in for a little insurance!

Convert SPLF to HTML Utility FREE! Buy ProTools eighteen system utilities for \$495 and get SPLF2HTML free! Zip/unzip files, email directly from your iSeries and more... source code is included!

### DBU WDS Sc Plug-in Available Now!

ProData is pleased to announce our new IBM WebSphere Development Studio Client (WDS Sc) plug-in to DBU, the number one iSeries database utility. The WDS Sc plug-in enables developers to directly access DBU functions from within WDS Sc. The new plug-in is available for all versions of WDS Sc 5.0 and above. To update WDS Sc for the DBU plug-in, link to [www.prodatacomputer.com](http://www.prodatacomputer.com) and click on the WDS Sc plug-in link.

The ProData DBU WDS Sc plug-in allows direct database access through the Remote System Explorer. The plug-in allows developers to DBU the file through the DBU/GUI interface. All functionality is available for programmers to research database content, display data in hexadecimal format or reactivate deleted records plus many more database functions!

### Vote for DBU

The 2004 iSeries NEWS Apex Awards recognize the industry leaders of the iSeries market in eleven product categories. The awards are divided into two groups, Editors' Choice and Readers' Choice.

The Editors' Choice awards are selected by a jury comprised of iSeries NEWS editorial staff, technical editors, and selected industry experts that have no affiliation with any competing vendors.

The Readers' Choice awards are selected by an online plurality vote among the nominated products by iSeries Network Web site visitors.

**DBU has been nominated under the category of 'Programmer Utilities'.** Vote for DBU! Voters must use the official online ballot form that will be available from January 13th until February 27th 2004, on the iSeries Network Web site ([www.iseriesnetwork.com](http://www.iseriesnetwork.com)).

### Put \$5,000 in your Pocket!

In recent months, IBM has offered some sweet deals on iSeries, and now look at this!

Buy an iSeries box and one of our ServerProven software packages and put money in your pocket. That's right, if you buy a box over \$200,000 and F4 List for \$1495, IBM will send you a check for \$5000 (rebates available for smaller boxes, too!). You actually MAKE money on the deal (\$3505 to be exact) SQL/Pro at \$1595 and DBU at \$1995 are also IBM ServerProven and qualify for this deal!

Winter 2004

- Vote for DBU!!

Thanks for the ServerProven software! After I bought a new iSeries, I purchased your F4 List product for \$1495 and received a \$5000 rebate check from IBM. Now I have an additional \$3505 to spend! I can't believe I made money by purchasing such a great tool!  
Joan Stefes  
Omaha, NE

I've used DBU for 15 years (since the 38) and I've always wanted to go to Africa so when I saw your promotion I just had to get signed up.  
John Wallroff  
Lincoln, NE

SQL/Pro is beautiful and it works great! I am fast realizing that the only application needed on any corporate computer system is SQL/PRO and ProData somewhere in the vicinity of the IT department.
